

## Safeguarding

**Nursery believes that children have the right to be completely secure from both the fear and reality of abuse, and we are committed to protecting all the children in our care from harm, taking into consideration, 'Every Child Matters'.**

We aim to:

- Ensure that children are never placed in risk while in the care of the nursery staff.
- Ensure that all staff are familiar with up to date protection issues and procedures and relevant training.
- Regularly review and update this policy.
- This policy and its procedures will be shared with parents/carers during their child's settling in period.

Our Designated Safeguarding/ Child Protection Officers (DS/CPO) have both Level 1 and 2 Safeguarding training (Level 1 renewed every three years and level 2 renewed every two years) and are responsible for liaising with social services, the Area Child Protection Committee and Ofsted in any child protection matter.

Our child protection procedures comply with all relevant legislation and other guidance or advice from the Child Protection Committees. Safeguarding is a much wider subject than the elements covered within this single policy, therefore this document is used in conjunction with the nursery's other policies and procedures.

### **Legal framework and definition of safeguarding**

- Children Act 1989 and 2004
- Childcare Act 2006
- Safeguarding Vulnerable Groups Act 2006
- The Statutory Framework for the Early Years Foundation Stage (EYFS) 2014
- Working together to safeguard children 2015
- What to do if you're worried a child is being abused 2015
- Counter-Terrorism and Security Act 2015.

### **Safeguarding and promoting the welfare of children, in relation to this policy is defined as:**

- Protecting children from maltreatment
- Preventing the impairment of children's health or development
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

*(Definition taken from the HM Government document 'Working together to safeguard children 2015).*

Our prime responsibility is the welfare and well-being of each child in our care. As such we believe we have a duty to the children, parents and staff to act quickly and responsibly in any instance that may come to our attention. This includes sharing information with any relevant agencies such as local authority services for children's social care, health professionals or the police. All staff will work with other agencies in the best interest of the child, including as part of a multi-agency team, where needed.

### **The nursery aims to:**

- Keep the child at the centre of all we do

- Ensure staff are trained to understand the child protection and safeguarding policy and procedures, are alert to identify possible signs of abuse, understand what is meant by child protection and are aware of the different ways in which children can be harmed, including by other children through bullying or discriminatory behaviour
- Ensure staff understand how to identify early indicators of potential radicalisation and terrorism threats and act on them appropriately in line with national and local procedures
- Ensure that all staff feel confident and supported to act in the best interest of the child, share information and seek the help that the child may need
- Ensure that all staff are familiar and updated regularly with child protection training and procedures and kept informed of changes to local/national procedures
- Make any child protection referrals in a timely way, sharing relevant information as necessary in line with procedures set out by Lancashire Safeguarding Children Board
- Make any referrals relating to extremism to the police (or the Government helpline) in a timely way, sharing relevant information as appropriate
- Ensure that information is shared only with those people who need to know in order to protect the child and act in their best interest
- Ensure that children are never placed at risk while in the charge of nursery staff
- Take any appropriate action relating to allegations of serious harm or abuse against any person working with children or living or working on the nursery premises including reporting such allegations to Ofsted and other relevant authorities
- Ensure parents are fully aware of child protection policies and procedures when they register with the nursery and are kept informed of all updates when they occur
- Regularly review and update this policy with staff and parents where appropriate and make sure it complies with any legal requirements and any guidance or procedures issued by the Lancashire Safeguarding Children Board.

### **Informing parents**

Parents are normally the first point of contact. If a suspicion of abuse is recorded, parents are informed at the same time as the report is made, except where the guidance of the LSCB/ local authority children's social care team/Police does not allow this. This will usually be the case where the parent or family member is the likely abuser, or where a child may be endangered by this disclosure. In these cases the investigating officers will inform parents.

### **Confidentiality**

All suspicions, enquiries and external investigations are kept confidential and shared only with those who need to know. Any information is shared in line with guidance from the LSCB.

### **Support to families**

Nursery takes every step in its power to build up trusting and supportive relations among families, staff, students and volunteers within the nursery. The nursery continues to welcome the child and the family whilst enquiries are being made in relation to abuse in the home situation. Parents and families will be treated with respect in a non-judgmental manner whilst any external investigations are carried out in the best interest of the child. Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child, only if appropriate in line with guidance of the LSCB with the proviso that the care and safety of the child is paramount. We will do all in our power to support and work with the child's family.
